D.O. No. 2-6/2015-RT

Dated the 30th October, 2015

Dear Shri

Corrie

Sub: Celebrating 50 years of Indian Forest Service as an AIS-Publication on success stories/achievements of IFS Officers-reg.

As you are aware, the Indian Forest Service is completing fifty years as an All India Service during the year 2016. It has, therefore, been decided that 2016 shall be marked as Golden Jubilee Year of the Indian Forest Service with 1st July as Indian Forest Service day and celebrated in a befitting manner by organizing various programmes and events throughout this period. On this occasion, the Ministry of Environment, Forest and Climate Change, Government of India, would like to project the commendable service done by the members of IFS and their contribution towards development of India including maintaining the ecological security of the country.

It is, therefore, proposed to bring out a publication on the success stories/significant achievements of the members of the service during the last past fifty years in the Golden Jubilee Year of IFS. Indira Gandhi National Forest Academy, Dehradun has been entrusted with the task of compiling the success stories and publishing it in the form of a book.

You are, therefore, requested to help in facilitating writing of articles on the significant contributions made by IFS serving and retired Officers in your State towards Forest & Wildlife protection, conservation, management etc. and also the commendable work done by the officers towards community participation, socioeconomic development, livelihood issues of rural poor and Forest dwellers in the last fifty years. You are requested to send the articles to the Director, IGNFA positively by 31st December, 2015 so that the publication is printed in time and released during a National event to be organized in early 2016.

With regards,

Yours sincerely,

S.S. Negi
(Dr. S.S. Negi)
