

Minutes of the Price Fixation Committee Which met at Pathanapuram Retail Depot

on 24.8/2011

As per the Annexure to GO. (MS) 21/2003/F&WLD TVPM Dt.04.04.2003. and GO(MS) 36/2008 dated 16/06/2008 the Committee will fix the price for each log based on the prevailing Schedule Rate or Market Rate whichever is higher. Market rate is the average rate fetched in the Auction Cum- Tender sales for the class of timber in the Circle in the previous months. It is also pertinent to consider the Depot Average, which is the Average Rate fetched in the Auction-Cum-Tender Sales for the class of timber in the concerned depot in the previous three auctions.

Hence the committee is taking the highest rate among Scheduled Rate, Circle Average and Depot Average as minimum rate for fixing the price of logs. The minimum Rate thus arrived for Teak II B, Teak II C, Teak III B, and Teak III C is appended.

The logs were check measured by Divisional Forest Officer, Timber sales Division Punalur. The Committee inspected each log and fixed price based on the minimum rate fixed above and the quality of each log
