

BOUNDARY DESCRIPTION OF RANGES OF RANNI DIVISION

Agriculture and Rural Development Department
(Agriculture Forest Estt.)

O R D E R

G.O (Ms).No.536/65/Agri, dated, Trivandrum, 16th September, 1965

The Chief Conservator of Forests has reported that, of the 3 Ranges in the Ranni Forest Division, work in the Goodrical Range is much less when compared to the work in the other two Ranges and that a slight re-adjustment of the jurisdiction of the three Ranges would make the work in them equitable. He has also suggested that the headquarters of the Goodrical Range may be shifted from Pambakadavu to Angamoozhy since the latter is a more convenient place. It is reported that there will not be any extra expenditure on account of this change.

2. In the circumstances reported by the Chief Conservator of Forests, sanction is accorded to the realignment of the Ranges in the Ranni Forest Division as per the boundary description given in the appendix. Sanction is also accorded to shift the headquarters of the Goodrical Range from Pambakadavu to Angamoozhy.

By order of the Governor,
M.K.BHASKARAN,
Assistant Secretary.

Appendix

RANNI FOREST DIVISION

	Ranges	
1. Goodrical Range	Headquarters	Angamoozhy
2. Ranni Range	„	Ranni
3. Vadasserikara Range	„	Vadasserikara

GOODRICAL RANGE

North and East: The Northern boundary of Ranni Division from the confluence of Kollamoozhy thodu and the Pamba (the tri-junction of the Panthalam thara, Pamba and Kollamoozhy thodu) thence along Pamba up to Pambakadavu thence upto the confluence of Pachakanam thodu and Pamba thence along the above thodu upto its source on the ridge forming the water shed line between Periyar and Pamba and thence along the watershed line till it reaches Kallimalai (this is the western and southern boundary of game sanctuary area and also the northern and eastern boundary of Pathanamthitta taluk in Quilon district). Thence along the State boundary up to the point about half a mile east of Devarmalai (south-east corner of Goodrical reserve forests).

South and West:- Thence along the southern boundary of Ranni Division up to the point 4754 thence along the western boundary of Goodrical reserve forests upto the point 3500 (three thousand and five hundred) thence along the water shed line between

Kallar and Kakkattar (passing through Valanjakatti malai) up to the Nanattupara, Kattadmedu (point 2659) thence straight to the source of Seethathodu and thence along the thodu till it meets Kakkaduar and thence along the above river (up stream) up to Angamoozhy bridge thence along the Moozhiyar – Rajampara road till it meets Rajampara-Chalakkayam road at Plappally and thence along the latter road till it meets the Panthalam thara at Kollamoozhy and thence along the Panthalam thara up to starting point.
