BOUNDARY DESCRIPTION

North:- The northern boundary starts from a point (cairn No.0) on the common boundary between R.S.No.1 and 109/2 in Peria desom where it meets the Manantoddy-Tellicherry road. From here the boundary moves parallel to the said road in a south east direction and moves along the boundaries of 109/2 and 109/1 and reaches the Trijunction of the boundaries of 109/1, 109/2 and 109/3, from this point the boundary moves along the boundary of 109/3 and reaches a point on the common boundary between 109/2, 109/3 and laying nearest to the said road. The boundary then goes along the border of 109/2 to the common boundary between 109/2 and 110/4B to a point nearest to the road. From here the boundary goes parallel to the road along the northern boundary of 110/4B, in an easterly direction and reaches a point north of R.S.No.150. Then the

boundary moves on the western side of R.S.No.151, and moves along northern western and southern side of 149, then along the south of 151, north of 152, north and west of 153, south of 154, south west of 155, west of 159. North 160 and 161 south and east of 159, south of 158, and along north east boundary of 110/4B reaches cairn 157 on the western side of the Peria Korothe road which starts from the Manantoddy-Tellicherry road.

The said northern boundary starts from '0' and moves south east (148 links) then south-east to 2 (310 links) then south east to 2a (131 links) then Southeast to 3(111 links) then approximate south to 4 (456 links) then approximate to south 5(248 links) then south 5a(179 links) then southeast to 6 (93 links) then southeast to 7 (472 links) then southeast to 8 (174) then south to 9 (2160) and then southeast to 10 (193 links) . A stream going to 109/1 passes 9 & 10 from 10 the boundary goes south to 11 (268 links) south east to 12 (165 links) south to 13 (522 links) south east to 14(13 links) south east to 15 (172 links) 15 to east south (648) then south east to 17 (213) and east south to 18(164) then approximate east 19 (154) and 20 (202) then south east 21 (147) then south east 22 (237) then south east 23(236) then south west 24 (104) then south to 25(95) then south east to 26(152) then east to 27(238) then east to 28(228) then approximate east 29(169) then approximate east to 30 (105) then to approximate east to 31(75) then north east to 32(102) then to east to 33(93) then south east to 34 (163) and then to south east to 35(126) and south east to 36(167) and south of 37(133) then south to 38 (146) then approximate south to 39 (62) then approximate south 40 (118) then approximate south to 41(123) then southeast to 42(159) then south east to 43(252) then southeast to 44(202) then approximate south to 45(312) then south west to 46(155) then south west to 47(175) then south east to 48(129) then south west to 49(104) then south east to 50 (124) then south east 51(240) then south west to 52(264) then south to 53(133) then south east to 54(102) then south east to 55(85) then approximate east to 56(310) then approximate to east to 57(135) then north east to 58 (114) then approximate north to 59(255) then north east to 60 (239) then north east 61(136) then south east to 62(171) the stream flowing 110/4 bypasses in between cairn 61 & 62. The boundary then proceeds from 62 in south west direction to 63

(238) and then approximately south to 64 (117) and then south east to 65(87) then south east 66 (101) and then south east 67 (183) then approximate east to 68 (130) then approximate east to 69 (165) then approximate east to 70(140) then approximate east to 71(343) then approximate east to 72(392) then to south east to 73 (286) then south east to 74 (205) then south east to 75(109) south east to 76(342) then south east to 77(100) then south east to 78 (127) then approximate east to 79(164) then north east to 80(151) then north east to 81(87) then north east 82(268) then north east to 83(233) then approximate east to 84(296) then approximate east 85(274) then south east to 85a (186) then south east to 86(188) then approximate east to 87(286) then south east to 88 (310) then south east to 89(366) then south east to 90(175) then north east to 91(230) then north east to 92(231) then north east to 93(204) then north east to 94(388) then north east to 95(261) then north east to 96(387) then north east to 97(237) then north east to 98(180) then north east to 99(190) then north east to 100(284) then south east to 101 (298) then south east to 102(390) then south east to 103(87) then south east to 104(372) then south east to 105(646) . The stream passing between cairn 9 & 10 moves parallel to the Tellicherry-Mananthoddy road upto cairn 10 and crosses the boundary between 104 & 105 and flows out. The boundary starting from 105 moves south east to 106 (315) and then south west to 107 (261) then north east to 108 (232) and then south west to 109 (105) and then approximate south to 110 (142) and then approximate south to 111(164) and then approximate south to 112(115) and then approximate south to 113(193) then south west to 114(26) and then east south to 115(59) then north east to 116(197) then north east to 117(282) then east to 118(169) north east to 117(282) then east to 118(169) then north east to 119(256) then north east to 120(416) . The stream which crosses the boundary between 104 & 105 re-enters the R.S.No.1104B between cairn 120 & 121 . The boundary then moves from 10 to east south to 121 (116) and then east to 122(149) then to north to 123(173) then north east to 124(96) then south east to 125 (196) then south east to 126(160) then south east to 127(118) then south west to 128(203) then south east to 129(191) then east to 130(149) then east south to 131(301) then north east to 132(100) then north east to 133(103) then east to 134(200) then south east to 135((238) then east to 136(345) then east to 137(143). A stream coming

from north passes in between 136 & 137 moves around 137 and goes out between 137 & 138 . The boundary then moves approximate south to 138 (92) then approximate south to 139(161) then south east to 140(220) then south east to 141(92) then south east to 142(100) then south to 143(162) then south east to 144(104) then south east to 145(103) then east to 146(107) then north to 147(346) . The stream coming from between 37 & 38 across here between 147 & 148. The boundary then moves from 147 north east to 148 (67) south east to 149(114) then south east to 150 (263) north east to 151(200) north east to 152(275) east to 153(123) south east to 154 (181) then east to 185(173) then east to 186(248) then to south east 178 to reach cairn 157 which is situated on the western side of Peria -Korath road which originates at this point from Mananthoddy-Tellicherry road.

East: The Eastern boundary starts from cairn No.157 where the northern boundary ends. This boundary starting from 157 moves along the western side of Peria Korath road and along eastern boundary of 110 / 4 B1 passes along north west of R.S.No.175 and then moving northern side R,S.174 north of 173 north west and south of 172 also south of 173 and west and south of 175 (common boundary between 110/4B1 and R.S.172, 173, 174 and 175) reaches near the Peria –Korath road and then going along the western side of this road to south reaches the north east corner of Peria reserve forest which is the same as cairn No.251.

The eastern boundary starts from 157 moves to 158 (177) south east 159(154) then south east to 160(167) west to 161(81) west to 162(48) south west to 163((202) then south west 164(247) north west to 165(6) then north west to 166(88) then north east to 167(188) then west to 168(302) then south west to 169(109) then north west to 170(216) then north west to 171(259) then south west to 172(199) then north west to 173(10) then south west to 174(121) then north west 175(3) then south west 176(206) then south to 177(270) then south west to 178(156) then south east to 179(111) then south east to 180(238) then north east to 181(270) then south east to 182(193) then south to 183(155) then south east to 184 (165) then south to 185(132) then south east to 186(79) then

south east to 187(158) then south east to 188(541) then south east to 189(135) south east to 190(128) then approximate south to 191(123) then approximate east to 192(219) (cairn No.192 reaches the Peria _Koroth road) The boundary then moves from 192 to approximate south 193 (931) then south east to 194(241) then approximate south to 195 (178) then south east to 196(162) then approximate east to 197(324) then south east to 198(197) then south east to 199(306) then south east to 200 (128) then approximate south to 201(350) then approximate south to 202(288) . The stream which enters 110/4B between first between 9 & 10 leaves this S.R.No.passing between cairn 202 & 203. The boundary then goes from 202. Approximate to south to 203 (285) then south east to 204(76) then approximate south 205(265) then south east to 206(266) then south east 207(385) then south east to 208(270) then approximate south to 209 (88) then west to 210 (120) then south west to 211 (211) then approximate west 212(189) then south west to 213(277) then north west to 214(199) then south west to 215(116) then south west to 216(149) then south west 217(106) then south west to 218(212) then south east to 219(332) then south to 220(126) then south west to 221(90) then south west to 222(135) then approximate south to 228(193) then south east to 224(177) then south west to 225(130) then south west to 226(232) then south west to 227(187) then south west 228(63) then south west to 229(126) then south west to 230(135) then south west to 231(104) then south west to 232(213) then south east 233(222) then south east to 234(134) south east 235(182) then south east to 236(256) then south to 237(120) then south west to 238(255) then south east to 239(110) then approximate south to 240(184) then south west to 241(174) then south west to 242 (205) the approximate south to 243(238) then south west to 244(145) then south west to 245(332) then south west to 246(178) then south west to 247(212) then south west to 248 (248) then south west to 249(202) then approximate south to 250(303) then approximate to 251(206) which is on the northern boundary of Peria R.F. A stream which enters 110/4B from Peria R.F crosses this boundary between cairns 250 & 251.

South: Starting from a point where the eastern boundary ends moves north west along the northern boundary of Peria R.F and meets the common boundary

between North Wayanad Taluk and Tellicherry Taluk (The northern boundary of Peria R.F starts from the south east corner of 110 /4B1 and moving along the southern boundary 100/4B1 meets the trijunction point between the boundaries of 109/2 , 110/4B1 and Peria R.F. from here moves along the common boundary between 109/2 and Peria R.F in a north west direction and meets the common boundary between North Wayanad and Tellicherry Taluks). ‘

West: The boundary then moves along the said common taluk boundary in a northern direction and moving along the common boundary between R.S.1 and 109/2 (along the common boundary of Paruva desam and Peria desam) reaches cairn No.0 on Tellicherry-Mananthoddy road where the northern boundary originated.

Note:

1. The proposed R.F described above includes area under R.S No.109/1, 109/2, 110/4B1, 152, 153, 160 and 161 of Peria desam .
2. The following survey Nos of Peria desam are excluded from the proposed reserve forest.
