ACCOPS HyClient Installation for **ANDROID**

- 1) To Access Accops HyClient for android, install Accops HyClient app from Play Store as shown below.

- 2) After installation, the below shown icon will appear on Home screen of the Android Mobile/Tab.

- 3) After installing Accops HySecure for Android , Open the above app and enter the Server address as 'evpn.kerala.gov.in' as shown below.

4) After clicking on continue, enter the VPN username.

The screenshot shows a mobile application interface with a blue header bar containing a hamburger menu icon and the text "Create Profile". Below the header is a white input field with the placeholder text "Enter Username" and a grey person icon. At the bottom of the screen is a blue button labeled "CONTINUE".

5) Click continue and enter the password which is optional.

The screenshot shows the same "Create Profile" screen. The input field now contains "Enter Password (Optional)" and is filled with black dots, with a lock icon on the left and an eye icon on the right. Below the input field is a "Save Password" checkbox. At the bottom is a blue button labeled "CONTINUE".

6) A VPN profile will be created after clicking save button.

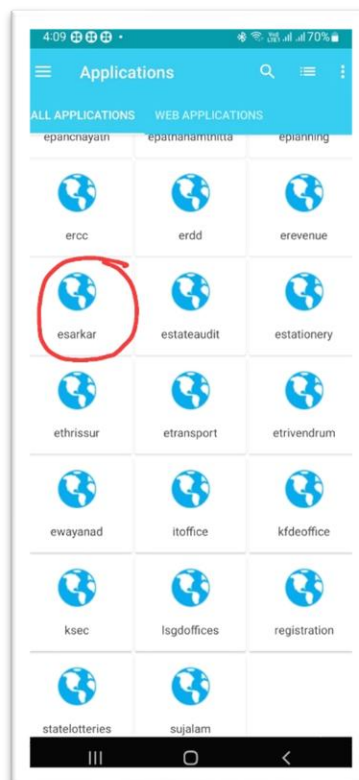

The top screenshot shows the "Create Profile" screen with the input field labeled "Enter Profile Name" containing a plus sign and a person icon. Below it is a "Set as default profile" checkbox. At the bottom is a blue button labeled "SAVE".

The bottom screenshot shows the "Profiles" screen with a blue header bar containing a hamburger menu icon, the text "Profiles", and a vertical ellipsis icon. Below the header is a list item for a VPN profile. The list item has a blue cloud icon with a lock, the text "demo@evpn.kerala.gov.in" in bold, and "demo@evpn.kerala.gov.in" below it. To the right of the list item is a vertical ellipsis icon.

7) Once a profile is created, click on the profile and enter the VPN Password and click on continue.

8) After clicking continue, user will get the following console.

9) When the user click on [esarkar](#) app, the following login page of e-Office will be displayed.
